

Protect your phone jacks and wiring inside your home.

Only
\$ **5** .95
per month

Save on big repair bills with our Inside Wire Maintenance Program

Yes!

NO!

Please enroll me in the Inside Wire Maintenance Program. FTS will fix a broken jack or replace damaged wiring within your home at no extra cost to you or give you a \$60 credit on your bill to enable you to hire your own technician in the event a technician is unavailable in your area. Bill me the extra charge of only \$5.95 per month for this program along with my phone service. This program only covers existing wiring and jacks and does not provide for new installations. I understand that there is a 60 day waiting period before any claims can be made under this offer. There should be no outstanding balance on your account at the time of your claim. Any faulty wiring at the time of activating new service will not be repaired under this program and will at additional cost. I may cancel this at any time by submitting a new form indicating that I no longer want this service.

DO Not enroll me in the Inside Wire Maintenance Program I take full responsibility for ALL my inside wire maintenance and ALL my phone jacks should any fault occur with my phone service inside my home. I understand that FTS will only repair service up to the DEMARC which is located outside my home should a fault occur. I will hire my own technician and pay for all services performed inside my home on my own. I understand that I still owe payment for phone service while I get my inside wire repaired.
